**PRECAUTIONS**

If empty:

**Pesticide Disposal and Container Handling:**

- Place in trash or offer for recycling, if available.

**If ingested:**

- Call a Poison Control Center or doctor. Do not give anything to an unconscious person.

- Have person sip a glass of water if able to swallow. Do not induce vomiting unless told to do so by a Poison Control Center or doctor.

**If on skin:**

- Wash thoroughly with soap and water or Report to doctor in case of irritation or if symptoms persist.

**If in eyes:**

- Do not rub. To wash out eyes, hold eyelids open and flush with running water for 15 minutes. Then, seek medical advice if irritation persists.

**If on clothing:**

- Remove clothing if possible. Wash exposed clothing in soap and water. 

**If on eyes, mouth, or skin:**

- Do not rub. To wash out eyes, hold eyelids open and flush with running water for 15 minutes. Then, consult a doctor if irritation persists.

**If on hair:**

- Wash immediately with soap and water orReport to doctor in case of irritation or if symptoms persist.

**PRECAUTIONS**

- Avoid contact with skin, eyes, and clothing.

- Keep out of reach of children.

- Store this and all pesticides out of reach of children and pets.

- Do not use this product around pets or in areas where they may enter.

**STORAGE AND DISPOSAL**

- Store in a cool, dry place.

- Do not incinerate. This product contains propylene glycol, which is toxic to fish and aquatic invertebrates. Do not apply to zoysiagrass just emerging from dormancy as it may result in lawn damage.

**PRODUCT INFORMATION**

- **Kills by Contact:**

- **Kills Weed Roots!**

- **Kills 460+ Weeds as Listed**

**DIRECTIONS FOR USE**

1. **Prepare the Application Solution:**

   - Measure the amount of concentrate needed by multiplying the square footage to be treated by the application rate.

   - For example, to treat 1,000 square feet, use the recommended application rate of 4 ounces of concentrate.

   - Add the concentrate to water in a spray container and mix thoroughly.

2. **Apply the Solution:**

   - Apply the solution using a hand or backpack sprayer or using a fogger to form a fine mist.

   - Avoid applying the solution to zoysiagrass, dichondra, legumes or lawns containing desirable clovers.

3. **Applications for Best Results:**

   - For maximum weed control, apply this product in the spring and summer when daytime temperatures are between 45°F and 90°F.

   - For complete weed control, apply this product in the spring, summer, and fall.

4. **Wait for Best Results:**

   - Allow at least two weeks between applications; some weeds may require additional treatments.

**EFFECTIVE RANGE**

- **Zooziagrass:**

   - This product contains propylene glycol, which is toxic to fish and aquatic invertebrates. Do not apply to zoysiagrass just emerging from dormancy as it may result in lawn damage.

**EYECARE INFORMATION**

- **In case of contact with eyes:**

   - Rinse with water for 15 minutes.

   - If irritation persists, consult a doctor.

**TOXICITY**

- **Toxicity to Fish:**

- **Toxicity to Aquatic Invertebrates:**

- **Non-Target Effect:**

   - **This pesticide is toxic to fish and aquatic invertebrates and may adversely affect non-target aquatic organisms.**

- **Limitations:**

   - **Do not apply to zoysiagrass just emerging from dormancy as it may result in lawn damage.**

**NOTICE**

- **For Further Information:**

   - Contact your local cooperative extension office or state agricultural extension service.

**PRECAUTIONARY STATEMENTS**

**Hazard Statements:**
- Harmful if swallowed. Wash thoroughly with soap and water after handling and contact with skin.
- In case a person swallows the product, get medical help or call a Poison Control Center immediately. Do not give anything to an unconscious person.
- Call 1-800-917-5438 or visit our website at www.spectracide.com

**First Aid Measures:**
- In case of contact with skin or eyes, wash immediately with soap and water. If irritation occurs, get medical help or call a Poison Control Center immediately.

**Fire Fighting Measures:**
- Use water spray to extinguish. Be sure to wear personal protective equipment when attempting to extinguish a fire.

**Precautions for Safe Handling and Use:**
- Keep out of reach of children. Do not apply to zoysiagrass just emerging from dormancy as it may result in lawn damage.

**Environmental Precautions:**
- Do not contaminate water, food or feed by storage and disposal.
- Do not spread the contents of the container into unpaved roads or gutters.

**Disposal:**
- Do not reuse or refill the container. Nonrefillable container. Do not dispose of in the dustbin. Call 1-800-917-5438 or visit our website at www.spectracide.com for disposal information.

**Transport:**
- For transport, use appropriate packages to ensure the safety of the product and the environment.

**Inhalation:**
- If inhaled, move the person to a fresh air area immediately. If symptoms occur, get medical help or call a Poison Control Center immediately.

**Skin Contact:**
- If skin comes into contact with the product, wash the area with soap and water. If symptoms occur, get medical help or call a Poison Control Center immediately.

**Eye Contact:**
- If in eyes, flush with cool water for 15 minutes. Get medical help or call a Poison Control Center immediately.

**Ingestion:**
- If swallowed, do not induce vomiting unless told to do so by a Poison Control Center or doctor. Do not give anything to an unconscious person.

**Other Precautions:**
- Store in a cool, dry area away from heat or open flame.
- Store in the original container, tightly closed.

**Incompatible Materials:**
- Avoid contact with strong alkaline and acid cleaners.

**Hazardous Decomposition:**
- May produce hazardous decomposition products when incinerated.

**Other Information:**
- This product is not approved for use on turfgrass.
- Consult the label for additional information.

**Ingredients:**
- This product contains 2,4-D, a synthetic organic chemical.

**Toxicological Information:**
- Acute oral toxicity (LD₅₀) is high for mammals.
- Acute dermal toxicity (LD₅₀) is high for mammals.
- Acute inhalation toxicity (LC₅₀) is high for mammals.
- It is considered to be slightly reactive.

**Environmental Hazards:**
- This product is not approved for use in water bodies or wetlands.
- Use of this product in or near a body of water, animal water source, or fish hatchery is prohibited.

**Specific Hazards:**
- Exposure to the product may cause injury to turfgrass. Do not use on floratam or bitterblue varieties of St. Augustinegrass.

**Preparation:**
- Mix concentrated product with water following the instructions on the label.

**Compatibility:**
- Mix with water, not oil or other materials.
